Nuestra Esencia

Our Essence

ES

En Skyline Design®, la belleza nace entre fibras y manos. Desde 2003, reinventamos la vida al aire libre a través del diseño y la artesanía contemporánea, creando piezas que dialogan con la naturaleza y celebran la calma exterior.

Nuestra filosofía combina tradición manual con innovación tecnológica, ofreciendo mobiliario único donde la textura, la forma y la ligereza conviven con resistencia, sofisticación y comodidad. Más que muebles, creamos espacios: atmósferas que inspiran, abrazan y permanecen.

Con presencia global y una estructura logística estratégica, acompañamos a clientes, arquitectos e interioristas en proyectos residenciales y contract, aportando excelencia, personalización y un servicio impecable.

EN

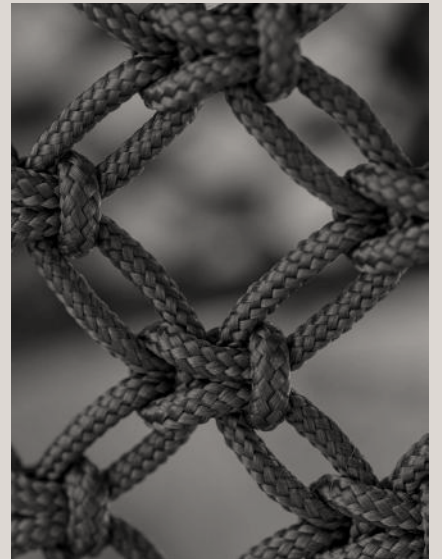

At Skyline Design®, beauty is born between fibers and hands. Since 2003, we have been reinventing outdoor living through contemporary design and craftsmanship, creating pieces that dialogue with nature and celebrate outdoor tranquility.

Our philosophy combines traditional craftsmanship with technological innovation, offering unique furniture where texture, form, and lightness coexist with strength, sophistication, and comfort. More than furniture, we create spaces: atmospheres that inspire, embrace, and endure.

With a global presence and strategic logistics structure, we accompany clients, architects, and interior designers in residential and contract projects, providing excellence, customization, and impeccable service.

Artesanía para el exterior Craftsmanship for the Outdoors

El Arte del Trenzado / The Art of Braiding

ES

El trenzado es el lenguaje que define a Skyline Design®. Un proceso artesanal que requiere precisión, paciencia y sensibilidad un oficio heredado que convierte cada pieza en una obra única.

Nuestras fibras cobran vida en manos expertas que tejen, tensan y forman patrones orgánicos y geométricos, creando superficies que respiran y envuelven. Cada trenza refleja equilibrio y técnica; cada nudo, la dedicación y talento de nuestros artesanos.

EN

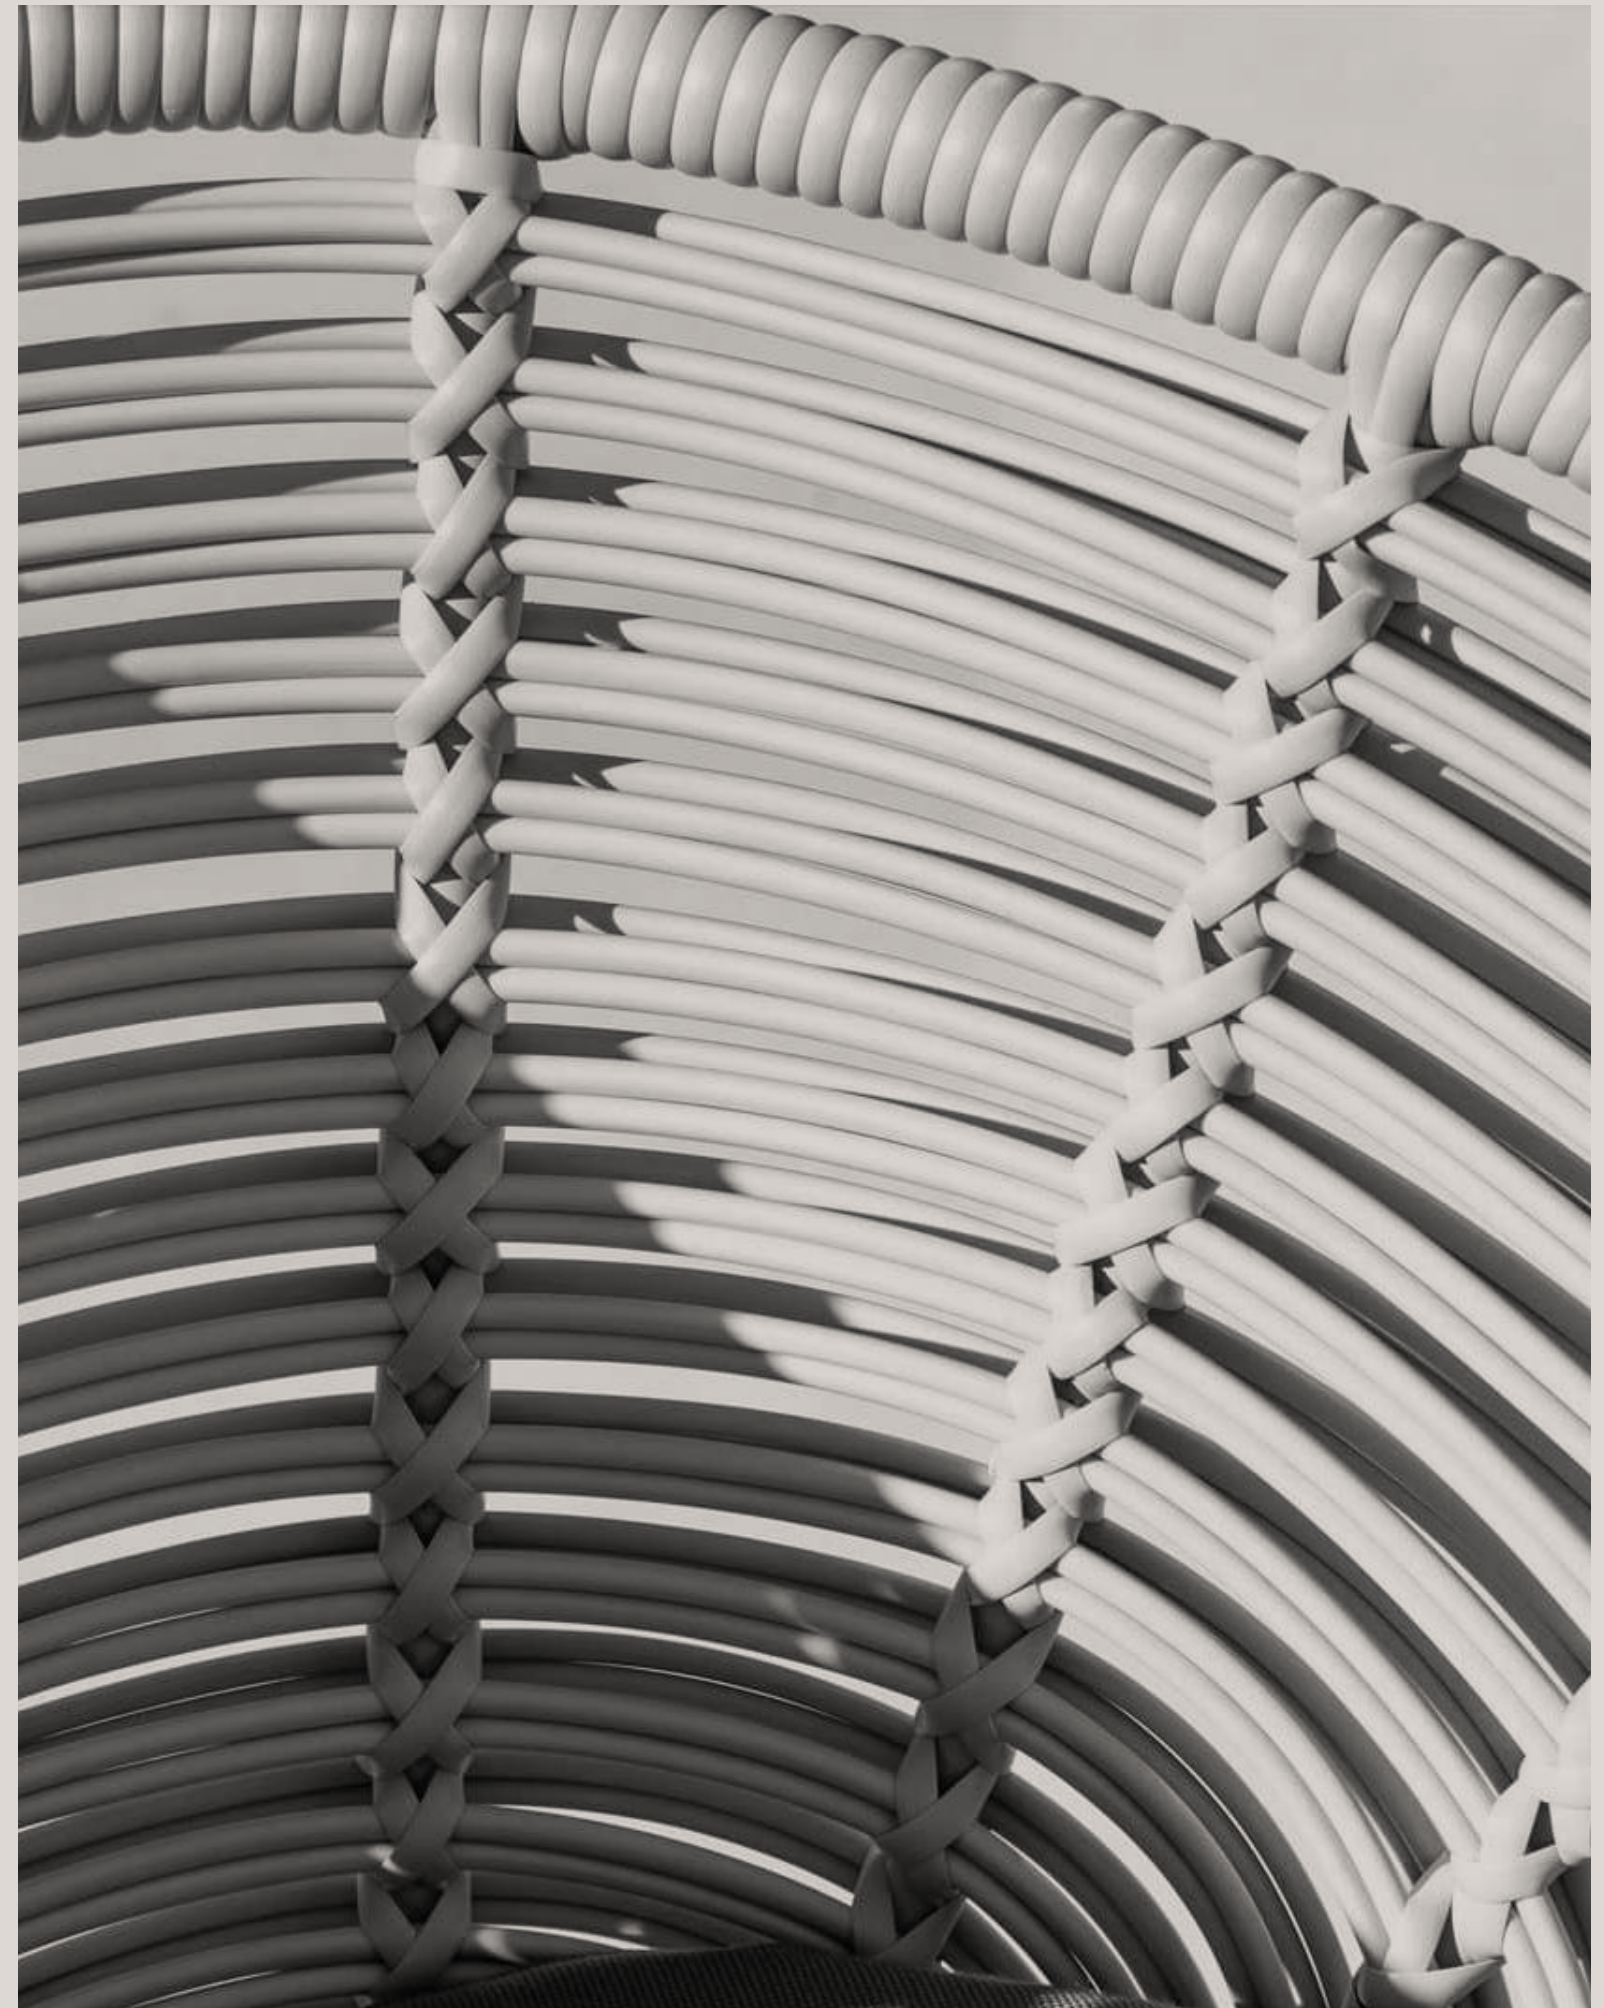

Weaving is the language that defines Skyline Design®. A manual craft that demands precision, patience and intuition an ancestral skill that transforms each piece into a sculptural expression.

Our fibers come to life in the hands of master artisans who weave, tighten and form organic and geometric patterns, creating surfaces that breathe and envelop. Every braid reflects balance and technique; every knot, expertise and passion.

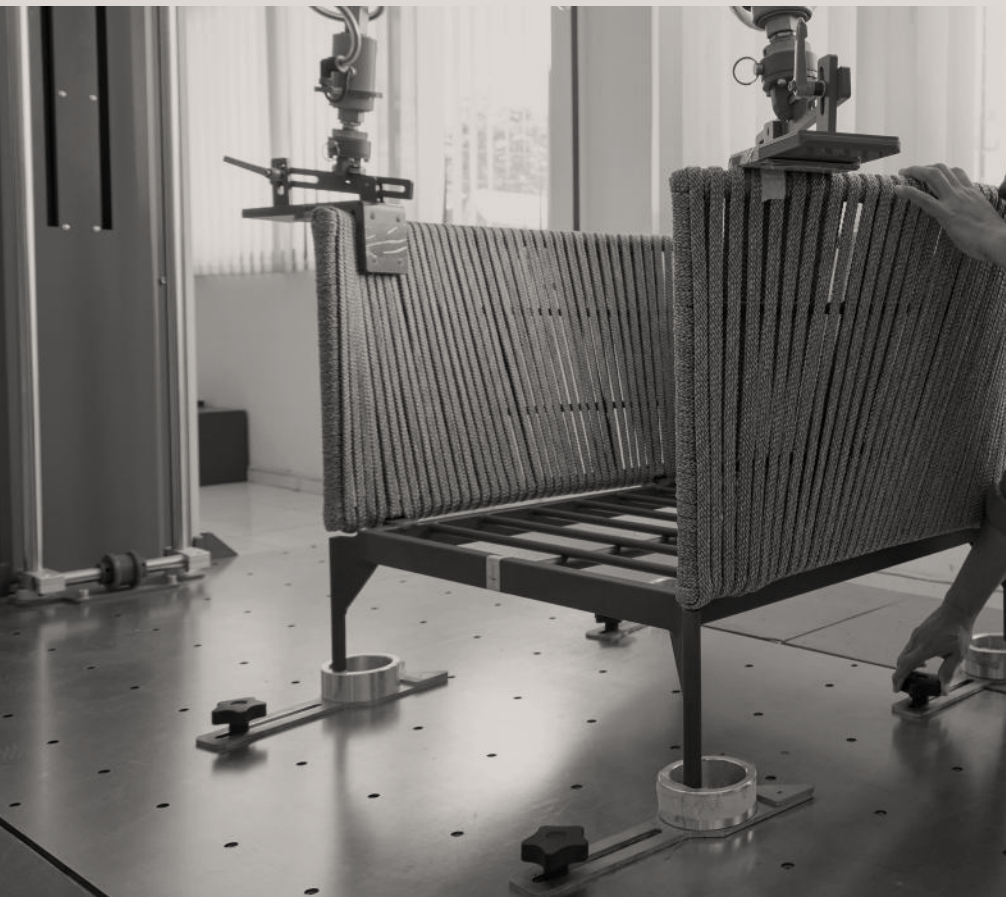

Precisión técnica, esencia artesanal

Technical Precision, Crafted Essence

Innovación & Calidad Material

Innovation & Material Quality

ES La calidad comienza en la materia y se perfecciona en el detalle. Cada componente ha sido seleccionado por su rendimiento, belleza y sostenibilidad, sometido a pruebas exhaustivas y optimizado para resistir el paso del tiempo.

Aluminio / Aluminum

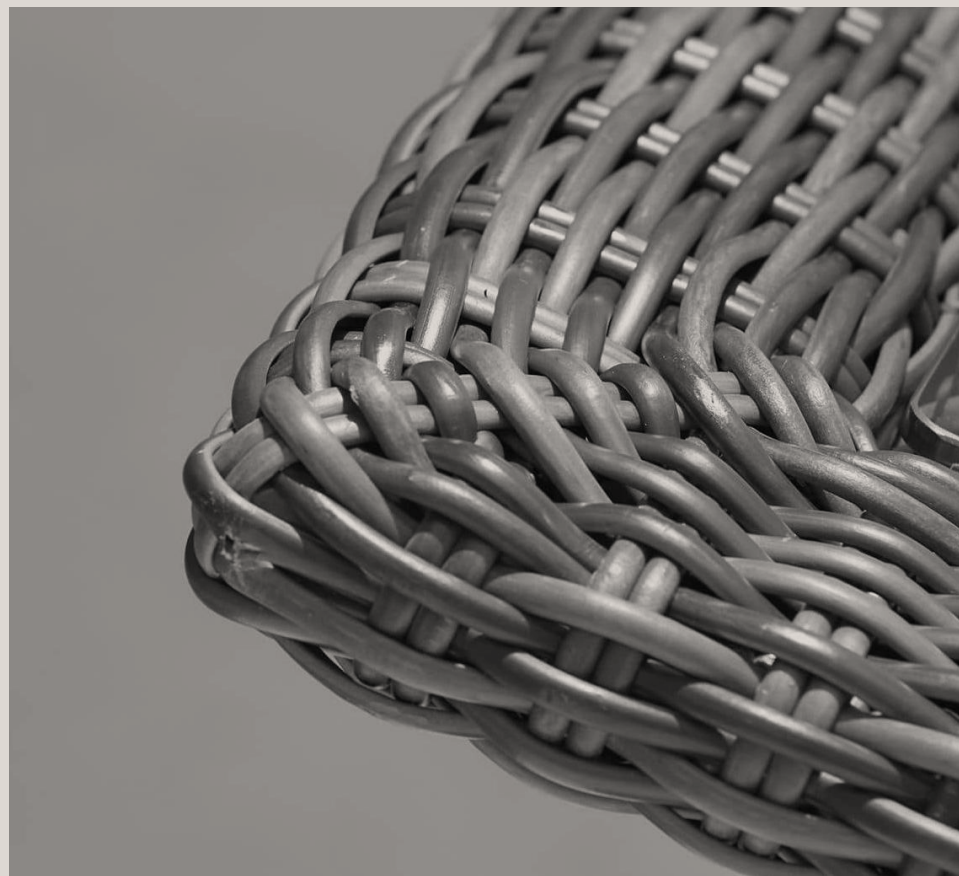

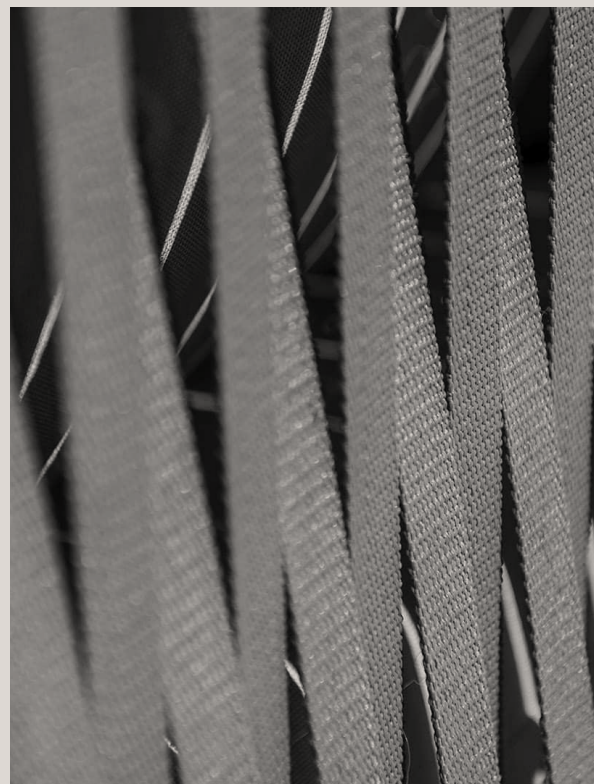

Madera Teak / Teak wood

Fibra Poliéster / Polyester Fiber

Fibra de HDPE / HDPE Fiber

EN Quality begins with the materials and is perfected in the details. Each component has been selected for its performance, beauty, and sustainability, subjected to exhaustive testing, and optimized to withstand the passage of time.

Vidrio Templado / Tempered Glass wood

Porcelánico / Porcelain tile

EN Through careful workmanship and fine materials, we blend tradition and innovation to design pieces that coexist with the outdoors while maintaining their beauty.

Tejido acrílico / Acrylic fabric

Tejido de Poliéster / Polyester fabric

ES A través de un trabajo cuidadoso y materiales nobles, fusionamos tradición e innovación para diseñar piezas que conviven con el exterior manteniendo su belleza.

Novelties

En esta nueva entrega, Skyline Design profundiza en su manera de entender el diseño exterior: la precisión industrial dialoga con la artesanía del tejido a mano, y la ligereza de la forma se pone al servicio de los materiales. Una mirada renovada, sin olvidar el equilibrio entre tradición e innovación, para seguir celebrando la vida al aire libre.

In this new release, Skyline Design deepens its understanding of outdoor design: industrial precision meets the craftsmanship of hand-woven textiles, and lightness of form serves the materials themselves. A renewed vision, one that stays true to the balance between tradition and innovation, in celebration of life outdoors.

Nara collection

by Mudat Studio

Nara fusiona artesanía y precisión industrial, donde las líneas de su estructura armonizan con el trenzado manual de las cuerdas.

Nara merges craftsmanship and industrial precision, where the lines of its structure harmonize with the manual braiding of the ropes.

Neo Krabi collection

by Noel Royo Asenjo

Una evolución de nuestro icónico diseño, que combina la calidez de los materiales nobles con una silueta inspirada en la botánica mediterránea, logrando una ligereza visual que permite que el paisaje sea el verdadero protagonista.

An evolution of our iconic design, combining the warmth of fine materials with a silhouette inspired by Mediterranean botany, achieving a visual lightness that allows the landscape to take center stage.

Oram collection *by Belén Burguete*

De un estilo minimalista y moderno el daybed Oram está inspirado en las tiendas de campaña. Basado en el concepto de espacio de relax o desconexión.

With a minimalist and modern style, the Oram daybed is inspired by camping tents. It's based on the concept of a space for relaxation or disconnection.

Krabi collection

by Noel Royo Asenjo

En esta colección combinamos de nuevo la madera de teka con tonos tierra. El sinuoso trenzado de los respaldos dota a esta colección de un sofisticado look arquitectónico, que lo convierte en la perfecta elección para los espacios más modernos.

On this collection we once again combine teak with earth tones. The sinuous braiding on the backrests gives this collection a sophisticated architectural look that makes it the perfect choice for the trendiest spaces.

Dynasty collection

by Noel Royo Asenjo

Una de nuestras colecciones más icónicas. Su diseño está fuertemente influenciado por el mediterráneo, su luz y característico estilo de vida. Los amplios y profundos asientos potencian la enorme comodidad que ofrecen.

One of our most iconic collections. Its design is heavily inspired by the Mediterranean, its light, and its distinctive lifestyle. The seats, which are wide and deep, highlight the exceptional comfort they offer.

Una tendencia que para nosotros ya es un clásico. Más que una pieza, una experiencia para el que la disfruta. Sentir la calma a través de los materiales naturales y el diseño. Soñar despierto es posible.

A trend that, to us, is a now classic. More than a piece, an experience to whom enjoys it. Feeling the calmness through the natural and design. Dreaming awake is now possible.

Ruby daybed

by Santiago Sevillano

El exotismo icónico de Indonesia impresiona a simple vista. Este sofá con dosel trenzado se torna aún más imponente cuando se une con su propio reflejo para convertirse en una daybed íntima. Su diseño de dimensiones importantes no impide sin embargo la sensación de ser una pieza diáfana gracias al calado de su trenzado envolvente. Ideado para exterior, Surabaya es un refugio que evoca con su forma a una hoja de palmera que se curva para dar sombra.

The exotic islands of Indonesia who's beauty never fails to impress the eye. Surabaya is the exotic and beauty combined with it's own possibility to create it's own reflection. From a sofa to stunning daybed. You make the choice. A beautiful and exotic refuge of your own.

Program Cushions & Fabrics

Materials & Maintenance

The Programs

Two ready-to-order paths to Sunbrella® comfort — a fast-shipping standard, and a curated palette you can select from.

QUICK SHIP FABRIC PROGRAM

A convenient quick-shipment program offering Sunbrella® cushions in Sunbrella® Canvas 5453. Each cushion is built around a high-resiliency foam core for optimal comfort and sewn with a premium venting-mesh system that speeds drying after exposure to rain.

CHOICE OF FABRIC PROGRAM

A customer-oriented option for clients who want a change of Sunbrella® fabric on their outdoor furniture. We recover the original factory cushion core in your choice of 24 stocked premium Sunbrella® fabrics — all at a standard grade level, shown on the following page.

FABRICS	ITEM CODE	LEAD TIME	WARRANTY
24+ Sunbrella®	C-FP	3–4 Weeks	5 Years

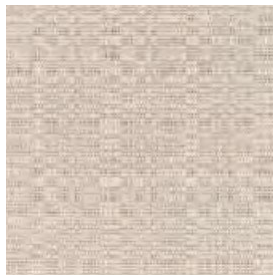

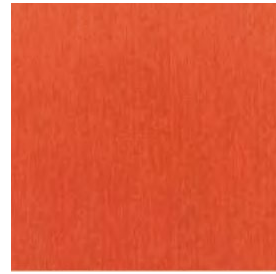

FEATURES & BENEFITS

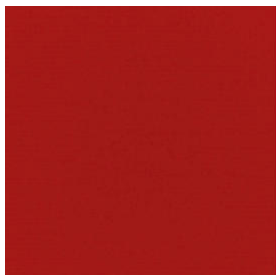

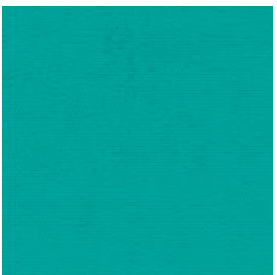

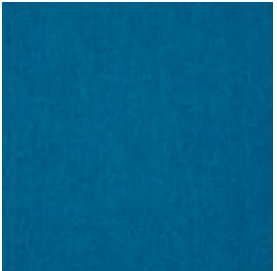

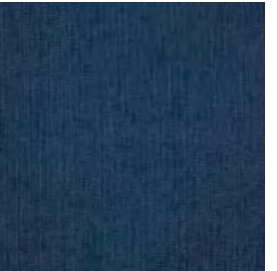

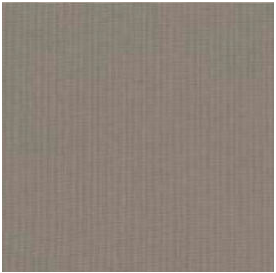

- Choice of 24+ listed Sunbrella® fabrics.
- All Choice of Fabric items noted in MSRP by item number C-FP.
- Lead time 3–4 weeks (may vary during peak season).
- Flow-through mesh bottoms for faster drying.
- 5-year Sunbrella® warranty on fabric.

Choice of Fabric

Recover your original factory cushion core in any of the stocked Sunbrella® fabrics below, all offered at a standard grade under item code C-FP. Colors shown are representative; request a physical sample for an exact match.

EVERYDAY CARE

The best way to keep Sunbrella® fabrics looking their best is to brush off dirt and debris before it becomes embedded, and to address spills promptly — the sooner a spill is cleaned, the more easily it lifts.

TRY THIS FIRST—A NEW SPILL

- Blot (don’t rub) liquid spills with a clean, dry cloth.
- For oil-based spills, apply an absorbent such as cornstarch, then remove with a straight edge.
- Spray on a mild solution of soap and water, or use Sunbrella Clean™ Multi-Purpose Fabric Cleaner.
- Rinse thoroughly to remove all soap residue.
- Air dry.

IF THE SPILL PERSISTS

Sunbrella® fabrics work both outdoors and in, but the right method depends on how the piece is made. Clean the entire surface from seam to seam rather than rubbing in a circular motion — often with an extractor — to avoid water rings and residue.

Removable fabric, hand washing: soak in a solution of 1/4 cup mild soap per gallon of lukewarm water, agitate lightly with a sponge or very soft brush, rinse thoroughly and air dry.

Machine washing: some removable casings are machine washable — confirm with the manufacturer first, as construction varies. Close all zippers, wash cold on the delicate cycle with a normal amount of mild detergent (add 1 cup of bleach for severe mould or mildew) and air dry.

Non-removable fabric: prepare 1/4 cup mild soap per gallon of lukewarm water, clean with a soft-bristle brush and let the solution soak in, rinse thoroughly and air dry.

OIL-BASED STAINS

If a stubborn oil-based stain remains, treat with Sunbrella Extract™ Oil-Based Stain Remover or a strong degreaser, then rinse thoroughly.

MOULD & MILDEW

Sunbrella® fabrics do not promote mildew, but it can grow on dirt and other substances left on the fabric. To remove it:

01. Prepare a solution of 1 cup bleach and 1/4 cup mild soap per gallon of water.
02. Spray the entire area and let it soak for 15 minutes.
03. Clean the whole surface with a sponge, clean towel or very soft brush.
04. Rinse thoroughly to remove all soap residue, then air dry.

NOTE: For severe growth, bleach quantities may be increased. We recommend Sunbrella Clean™ Multi-Purpose Fabric Cleaner followed by a diluted bleach solution. Recommended products include 303® Multi-Surface Cleaner. Full guidance is available at sunbrella.com/cleaningguide.

Custom Cushion & Cover

For clients seeking a custom upgrade — specific fabrics, tailored details, highperformance foams and made-to-measure covers.

CUSTOM CUSHIONS

Custom cushions are available in a wide variety of fabrics, features and upgraded performance options, with a lead time of approximately 3–4 weeks. For fabric selection, refer to your Sunbrella® furniture fabric book; the grade list follows in this guide. Customer’s Own Material (C.O.M.) may be sent to our main office — we are glad to customize cushions to meet each client’s wishes.

Many bespoke features are available, such as serged inner raw edges (to allow machine washing of the casing) and welting or piping in matching or contrast fabrics for a truly custom look.

HIGH PERFORMANCE OPTIONS

Upgraded performance options let clients configure a cushion with greater longevity and faster drying than standard — especially appealing for luxurious outdoor living spaces.

- **High Performance DRY** — engineered for faster drying (about 3 hours in most environments).

- **High Performance PLUSH** — longer-lasting luxury; dries fast and, with the Stay-Round Crown™ memory-foam core, keeps its fresh look longer than most outdoor cushions.

Prices for custom cushions are listed per item in the price list, across grades A–I, with optional addon pricing for Dry and Plush. C.O.M. falls under CFP pricing.

CUSTOM COVER PROGRAM

Protective covers custom-tailored to fit any Skyline Design piece, designed around water drainage and ease of installation. Each cover is packaged with its own storage bag to keep it neat between uses.

Covers are made from high-tech marine-grade fabric with lifetime-warranty thread — among the most durable in the industry — and are available in Sur Last Sand or Grey. Lead time is approximately 4–6 weeks.
